

About our cheese catalogue ...

Our cooperation with premium Spanish manufacturers of cheese allow us to offer a large portfolio of cheeses available for private label. Our suppliers have production capabilities and a long tradition supplying to supermarkets and HORECA channels.

Our selection of Spanish cheeses comprises hard, soft, spreads and cheese bars for food service, coming from different regions of Spain and are made of cow, goat and sheep's milk.

Some of the cheeses in our catalogue are roncal, mahon, ibérico, manchego, cabrales, blue cheese, murciano, roncari-blue, camembert, emmental, edam, gouda, mozzarella, cheddar...

We can pack all these cheeses under your own label, in retail or food distribution formats depending on your requirements.

We can also offer Spanish original brands with D.O.

Please browse our catalogue and contact us if interested on our Spanish cheeses.

About us

MX2 GLOBAL – Import & Export Partners – is a Spanish wholesaler offering competitive food and wines to foreign importers and supermarkets chains. We provide the possibility to source original supplier brands or to produce private label products.

We facilitate transactions directly between suppliers and buyers/importers. By identifying client demands and suggesting the correct supplier, we optimize sourcing costs and time to procurement managers while secure an international client base to our trusted manufacturers.

Main products for us are Spanish wines and a wide range of food products such as: commodities, canned/frozen fish & seafood, fresh/canned fruits & vegetables, dried/preserved legumes, dairy products, frozen and fresh meat, Spanish Serrano Ham & Ibéricos, fruit juices, gourmet and organic food, table olives & pickles, olive oils, traditional Spanish food...

Over the past years, we have built up a global network of reliable suppliers, and today our business partners are located in different continents, and we import food & beverages into Spain directly from origin.

Our team will be more than happy to assist you with any questions.
